Building North America's Premier Project Generator

Yellow Bowl gossan from the Todd Creek Project

Sojourn Exploration is unlocking the potential of British Columbia's richest copper-gold districts, with an initial focus on BC's world renowned Golden Triangle. By partnering with a world class exploration team with a track record of discovery and a pipeline of exciting porphyry copper-gold projects, Sojourn is well positioned to create wealth for its shareholders.

700 SQUARE KM IN THE GOLDEN TRIANGLE.
SPECATACULAR HISTORIC DRILL INTERCEPTS.
NEAR TERM DISCOVERY POTENTIAL.

Sojourn has recently completed a \$2.8 million financing and is now in possession of seven 100% owned porphyry copper-gold projects with high discovery potential and proximity to significant producing or past producing mines in the Golden Triangle, Toodoggone and Quesnel Trough copper-gold districts. Sojourn is now one of the largest landholders in the world renowned Golden Triangle.

NEW SOJOURN DEAL. **SHARES ISSUED.**

Sojourn has recently completed a \$2.8 million placement. Funds will primarily be used to conduct geological and geophysical surveys on the Golden Triangle projects during the 2018 field season, and to secure partners for further exploration. Pending the receipt of permits and the execution of option agreements with interested parties, drilling is planned for the 2019 field season.
